We will not use or disclose your protected health information for any purpose other than those identified in the previous sections without your specific written authorization. Most disclosures of psychotherapy notes, uses and disclosures for marketing purposes, and disclosures that constitute the sale of your health information require your prior written authorization. We may, however, provide you with marketing materials in a face to face encounter without your authorization or communicate with you about treatment alternatives or other health related products and services that may be beneficial to you in relation to your treatment. If you give us authorization to use or disclose your protected health information you may revoke your authorization in writing at any time except to the extent that we have already taken action in reliance upon the authorization.

V. Your Rights

You have the following rights regarding your health information:

A. The right to inspect and copy your protected health information. You may inspect and obtain a copy of your protected health information that is contained in a designated record set for as long as we maintain the protected health information. A “designated record set” contains medical and billing records and any other records that your physician and the provider uses for making decisions about you. This includes the right to receive in an electronic format a copy of your health information that is maintained as part of an electronic health record and to have the electronic record transmitted directly to an entity or person designated by you.

Under Federal law, however, you may not inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or for use in, a civil, criminal, or administrative action or proceeding; and protected health information that is subject to a law that prohibits access to protected health information. Depending on the circumstances, you may have the right to have a decision to deny access reviewed.

We may deny your request to inspect or copy your protected health information if, in our professional judgment, we determine that the access requested is likely to endanger your life or safety or that of another person, or that it is likely to cause substantial harm to another person referenced within the information. You have the right to request a review of this decision.

To inspect and copy your medical information, you must submit a written request to:

The Hebrew Home at Riverdale
Department of Health Information Management
5901 Palisade Avenue
Riverdale, NY 10471

If you request a copy of your information, we may charge you a fee for the costs of copying, mailing or other costs incurred by us in complying with your request. We will try our best to provide your health information to you in the form or format requested by you if such form or format is available. If it is not, the information will be provided in a readable hard copy form or other such agreed upon form.

Please contact the Department of Health Information Management at (718) 581-1355 if you have questions about access to your medical record.

B. The right to request a restriction on uses and disclosures of your protected health information. You may ask us not to use or disclose certain parts of your protected health information for the purposes of treatment, payment or health care operations. You may also request that we not disclose your health information to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply.

The provider is not required to agree to a restriction that you may request. We will notify you if we deny your request to a restriction. If the provider does agree to the requested restriction, we may not use or disclose your protected health information in violation of that restriction unless it is needed to provide emergency treatment. Under certain circumstances, we may terminate our agreement to a restriction.

You may also request that we restrict disclosure to your health plan of any health information related to an item or service for which you or someone on your behalf, other than the health plan, paid us in full. If you make such a request we will not disclose such health

information to your health plan as part of or payment or health care operations unless we are otherwise required to do so under the law.

You may request a restriction by contacting the Privacy Officer.

C. The right to request to receive confidential communications from us by alternative means or at an alternative location. You have the right to request that we communicate with you in certain ways. We will accommodate reasonable requests. We may condition this accommodation by asking you for information as to how payment will be handled or specification of an alternative address or other method of contact. We will not require you to provide an explanation for your request. Requests must be made in writing to our Privacy Officer.

D. The right to have your physician amend your protected health information. You may request an amendment of protected health information about you in a designated record set for as long as we maintain this information. In certain cases, we may deny your request for an amendment. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal. Requests for amendment must be in writing and must be directed to our Privacy Officer. In this written request, you must also provide a reason to support the requested amendments.

E. The right to receive an accounting. You have the right to request an accounting of certain disclosures of your protected health information made by the provider. This right applies to disclosures for purposes other than treatment, payment or health care operations as described in this Notice of Privacy Practices. We are also not required to account for disclosures that you requested, disclosures that you agreed to by signing an authorization form, disclosures for a facility directory, to friends or family members involved in your care, or certain other disclosures we are permitted to make without your authorization. The request for an accounting must be made in writing to our Privacy Officer. The request should specify the time period sought for the accounting. We are not required to provide an accounting for disclosures that take place prior to April 14, 2003. Accounting requests may not be made for periods of time in excess of six years. We will provide the first accounting you request during any 12-month period without charge. Subsequent accounting requests may be subject to a reasonable cost-based fee.

F. The right to be notified in the event of a breach. We are required to notify you in the event of a breach of your unsecured protected health information as soon as possible but no later than sixty (60) days after we discover the breach. Unsecured protected health information is information that is not deemed unreadable, unusable, or indecipherable using technology, such as encryption, or other means specifically approved by the Secretary of the U.S. Department of Health and Human Services. Any required notice will include a description of the breach, the unsecured protected health information involved, steps you might take to protect yourself, a summary of our investigation, and how to contact us for more information.

G. The right to obtain a paper copy of this notice. Upon request, we will provide a separate paper copy of this notice even if you have already received a copy of the notice or have agreed to accept this notice electronically.
